Dear [REDACTED] I have answered your questions, although this is not an activity Hargreaves Lansdown engages with as a business, so most of them don't apply.

1. What is your company name and a contact email address for the person completing this questionnaire?  
Please see below

2. Has your company made a public commitment to protecting the natural environment and mitigating its direct environmental impact? <http://www.hl.co.uk/investor-relations/corporate-social-responsibility>

3. Are you aware that driven grouse shooting has negative environmental impacts, including degradation of deep peat, reducing biodiversity, emitting high CO2 emissions, illegal wildlife persecution, worsening water quality and increasing downstream flood risks?
